

Fls 10,000 Contest Announced

Lago A Anunciá Concurso Pa Mengua Costo

Diez mil florin - 101 premio - un premio mayor di Fls. 1,000 - mes tanto chens pa tur empleadonan eligibel pa participa - tur pa skirbimento di un articulo titula "Com Mi Por Yuda Mengua Costo".

Esakinan ta e puntonan principal di e Concurso pa Mengua Costo cu Lago a anuncia awe. (Lista di premionan ta na banda drechi; mira reglanan completo na página 3.)

E Concurso lo dura un luna, di dia 4 di September te dia 4 di October, y tur empleado por tuma parti cu excepcion di hefenan y otronan cu ta miembronan di Directiva. Siendo cu reduccion di costo ta parti di debernan di un hefe, lagando nan afor lo duna un chens igual na tur e otro participantenan.

Articulonan por ta di cualkier tamaño y nan por worde skirbi na Ingles, Papiamento, Hulandes, Spanis of Frances. Cada empleado por skirbi un articulo.

Empleadonan por bien cuminsa pensa awor riba modanan di mengua costo en conecion cu nan trabao, pasobra ta riba e base ey e articulonnan lo worde huzga. Gramática, spelmentu y buniteza no ta di importancia e biaha aki. Modanan pa cual por mengua costo ta di importancia. Tin trabaoonan cu ta duna mas oportunidad pa haya modanan di mengua costo cu otro. Den casonan asina, e articulo ey lo worde huzga mas streng. Tur e articulonnan lo worde huzga en relacion cu trabao di esun cu a skirbi.

Lo tin un cierto cantidad di gruponan pa huzga e articulonnan; cada grupo lo consisti di tres miembro, esta un miembro di Cost Control Committee, un hefe locally-hired y un hefe foreign-staff. Lo tin alomenos un team pa representá cada departamento.

Despues cu e oficina di e Concurso caba di ricibi un articulo e ta bai pa un di e gruponan den cual tin un miembro di e departamento di e persona cu a skirbi. E autor su nomber y su payroll number ta keda secreto; e grupo cu ta huzga e articulo ta mira solamente departamento y titulo di e autor.

E diferente gruponan lo piki 101 articulo cu nan ta huzga di mihor. Despues Comité Ehecutivo di Lago lo dicidi entre e 101 nan ey, pa fiha premionan segun mérito.

Awor te ora - cuminsa pensa awe mes com bo por yuda mengua costo den bo departamento. Skirbi bo ideanan y para cla pa bo skirbi bo articulo mes ora cu e Concurso habri aki dos siman. Pensa tambe cuanto cos bo por haci cu e placa, y lo bo mira cu...

BO NO POR LAGA DI TUMA PARTI

95 Aprendiz Escogí Pa Programa di 1950

For di 258 mucha-homber cu a worde getest na diez diferente schoolnan, 95 a worde escogí pa Lago su programa di cuater anja di entrenamiento.

Trabaoonan lo worde ofrecí na e grupo aki y nan lo worde saminá pronto. E programa nobo ta cuminsa banda di dia 12 di September.

Durante nan promé anja, mitar di nan tempo ta worde dedica na sinjamento di e diferente ofishinan den shopnan di Training Division; resto di tempo nan ta dedica na lesnan, concentrando na promé lugar riba Ingles y Reekmento. Durante e dos promé anjanan di e curso di cuater anja e mucha-hombenan ta haya periodonan pa hunga diariamente.

101 Prizes To Be Awarded In Cost Reduction Essay Contest

Booklets To Help In Entering Contest

Supervisors are now receiving copies of a booklet entitled "How You Can Help Cut Costs". The booklet is designed not only to help employees to enter the cost contest, but as an aid to supervisors in explaining the rules and other information to employees who wish to write an essay.

Employees throughout the plant will receive copies of the booklet, in English and Papiamento, on August 28, one week before the contest opens. Each booklet contains an entry blank on which the essay may be written. Additional entry blanks may be secured from supervisors.

List of Prizes

- One Prize of Fls. 1,000
- Two Prizes of Fls. 800
- Two Prizes of Fls. 600
- Two Prizes of Fls. 400
- Five Prizes of Fls. 200
- Nineteen Prizes of Fls. 100
- Thirty Prizes of Fls. 50
- Forty Prizes of Fls. 25

Contest Dates Are Sept. 4 to Oct. 4

Essays to be Judged In Relation to Job; Anyone Can Win!

Ten thousand guilders — 101 prizes — a top prize of Fls. 1,000 — and equal chances for any eligible employee to win... all for writing about "How I Can Help Cut Costs."

These are the high spots of Lago's Cost Reduction Essay Contest announced today. (Prize list is at left; see page 3 for complete rules.)

The month-long contest, opening September 4, is open to all employees except supervisors and others recognized as part of Management. It was felt that as long as cost reduction is rightly a regular part of supervisors' jobs, their not competing in the contest would give all entrants an even chance.

Essays, one to each employee, may be any length and may be written in English, Papiamento, Dutch, Spanish or French.

Employees are advised to start thinking now about helping to cut costs in connection with their own jobs, because that is how the contest is going to be judged. Spelling, grammar, punctuation - these things are not important this time. The important thing is how to cut costs on the job. On one job there might be many more opportunities to cut costs than on another. If so, more will be expected from that author. Essays will be judged in relation to the job.

There will be a number of three-man judging teams. On each team will be a Cost Control Committee

IN THE CHIPS. Paul Jensen, left, general foreman of the Instrument Department, M & C, is presented with a Fls. 1,000 initial CYI award by H. Chippendale, mechanical superintendent.

Paul Jensen (banda robes) di Instrument Department ta ricibi un premio di Fls. 1000 di Coin Your Ideas cerca H. Chippendale.

P. Jensen, M&C, Pedro Irausquin, Jan Wester Gets Largest Initial CYI Are Scholarship Winners

One thousand guilders, the largest initial CYI award ever paid to an employee in Aruba, was presented last week to Paul Jensen, general foreman of the Instrument Department.

Mr. Jensen first presented his idea of using mobile equipment storage units (see The Esso News, July 7, page 5), in 1946. The basic idea as it was later applied calls for two van-type trailers parked at the scene of the operation, one containing storehouse items and the other tools. This saves the time and inconvenience of waiting for tools and materials to be delivered as they are needed, and the resulting savings in actual cost are considerable.

Irausquin y Wester Escogí pa Un Anja Di Estudio na Merca

Pedro Irausquin di Laboratorio No. 1, y Jan Wester di Welding ta e dos aprendiznan kende nan nomber a worde anuncia na graduacion di aprendiznan di 1946 awe, como esnan cu a worde escogí pa bai Merca pa un anja di estudio. Esaki ta di dos bez cu Lago ta duna es oportunidad na e dos mihor graduadonan di Programa di Etrenamiento, pagando tur gasto pa nan.

E mucha-hombenan a worde scogí como e mihor graduadonan, tumando na consideracion nan trabao y actitud den shop y den klas, nan

(continua na pagina 2)

Pedro Irausquin, TSD, Lab No. 1, and Jan Wester, M & C, Welding, are the two young men who were announced at today's apprentice graduation as the ones chosen for a year's study in the United States. This is the second year Lago has presented all-expense scholarships to two outstanding graduates.

The boys were chosen on the basis of their work and attitude on the job and in class, their grades, test results, and on character, personality and leadership.

Both boys have relatives in the company. Pedro Irausquin's father and five uncles are company employees. His father has had 23 years of company service and works in Receiving and Shipping. Jan Wester's father, now deceased, was formerly in the Boiler Shop. Jan now has three uncles and three cousins in the company's employ, a brother in the 1949 apprentice class and a cousin each in the 1946 and 1948 classes. The Irausquins live in San Nicolas and the Wester's home is in Santa Cruz.

During the next few days the company will buy the luggage and outfit the boys for their trip to the States. The remainder of their

Organization Changes

G. L. MacNutt of the Process Department was assigned August 1 for training purposes to the position of assistant to the industrial relations director, J. V. Friel. The move is a part of the Executive Development Program, and follows a four month period during which D. P. Barnes of TSD had held the same assignment.

Mr. MacNutt joined the company in December, 1929 as a first class helper, and progressed to process foreman. From mid-1944 to mid-1945 he was with Creole at Caripito. He became assistant division superintendent in Light Oils in June, 1946.

H. M. Nassy was transferred August 1 from the Industrial Relations to the Public Relations Department, where he will be a public relations assistant.

In addition to various duties in connection with the Public Relations program as it develops, he will coordinate activities at the Sport Park. Plans call for him to work closely with the Lago Sport Park Recreation Committee in the conduct of activities at the Park. He brings to this aspect of his new work a close association with Aruba sports activities, and has also been active in various civic affairs over a long period.

He has been with the Company since May 1938, going through a succession of steps in the Laboratory until July 1948, when he was transferred to the I. R. Department as a job analyst.

H. C. Miller was appointed August 1 to the position of group head A in charge of the Experimental and Development Laboratory No. 3 in the Technical Service Department. He joined the Company as a student engineer in July 1938, and came to Aruba in January 1939 as a cadet engineer in the Engineering Department.

He transferred to the Laboratories as a chemist in April 1941, and became group head B in January 1946.

L. D. Dittle has been appointed supervisory training coordinator in the Training Division, replacing W.

A FIELD INSPECTION is carried out by the first Oil Loss Committee which just finished its three months tenure. Grouped here (after inspecting a new impounding basin that acts as a secondary separator down stream of practically all refinery sewers) are: G. Anderson; A. A. Wever; P. J. Kelley; T. Mann; A. M. Richardson; P. J. Zagers; R. J. Hassell; L. A. Willison; J. E. Keller; and F. Roebuck.

The second Oil Loss Committee, now in session, is shown above. Clockwise around the table starting with the man in center foreground: C. F. Haynes; J. A. Rodriguez; G. van Charante; I. Mendes; C. Wilson; J. de Vries; K. E. Dillard; R. Saunders; F. Roebuck; R. Coffi; J. Boom; and E. E. Jones.

Lt. Oppenhuizen To Represent Lago In Traffic Ass'n

Lt. H. Oppenhuizen, member of the Lago Police Department, has been appointed to membership on the Working Committee as Lago's representative to help set up an Aruba Safe Traffic Association. The Association is a branch of the National Netherlands Safety Association of which Jos. Van der Schoot is representative.

Several civic and commercial groups are working together to form the Aruba Association which will work with the parent organization. Theo Van Erp, Police Commissioner in Oranjestad, is president of the Working Committee; Mr. Van der Schoot, secretary, and W. Trinler, managing director of the Aruba Commercial Bank, treasurer. In addition to Lt. Oppenhuizen the committee is composed of Frere Andre, Catholic Schools; Julio Boom, Lago, Light Oil Finishing; G. de Veer, Chamber of Commerce; V. Henriquez, member of the Government Safety Advisory Committee; C. Juliao, Lions Club; H. D. Kroonenberg, Merchant's Association; P. Val, Juliana School and D. Yskens, Insurance Company 1845. The Rotary Club has not yet named a member.

Through propaganda of all sorts, i.e. posters, school tests and public address systems, the Association hopes to improve the serious traffic situation in Aruba.

Anyone is welcome to membership in the organization and any help in the campaign to improve traffic will be appreciated.

DEATHS

Leonide Wilson, pipefitter helper in the Pipe Department, died August 4 at the age of 31, at his home in San Nicolas. Mr. Wilson had worked for the company since 1945. He was born in Saba and is survived by his widow, father and brother.

EVERYBODY'S JOB

If you hire a carpenter to fix the roof of your house, and he wastes your wood and loses your nails and accidentally kicks in one of your louvres, you aren't likely to say he did a good job. The roof repairs may be absolutely perfect, a fine job of carpentering, no one could do it better and yet you will say that that man is not a good carpenter.

Seems strange, doesn't it? But it isn't really. Because being a good carpenter or good executive or good office clerk requires not only that jobs be completed but that they be done always with one eye on costs.

The next time your roof needs fixing you will look for someone else to do the job. And you will look not only for someone who can saw and hammer as well as the first man did — you will look for someone who can do the job without careless waste.

Keeping costs down is the roof-carpenter's job just as much as it is the house-owner's. And it is any employee's job just as much as it is a supervisor's. The contest on page 1 is meant to remind employees of this fact to impress every Lagoite with the fact that **COST REDUCTION IS EVERYBODY'S JOB.**

DEBER DI UN Y TUR

Si bo contratá cu un carpinté pe drecha dak di bo cas y e ta distribi bo tabla, perde bo clabonan y pa desgracia e ta kibra glas di bo bentana acerca, bo no por bisa cu el a haci un bon trabao. E dak por wel keda perfecto, bon carpinteria tur cos — toch lo bo no por yama e homber un bon carpinté.

Parce straño, no? Y toch ta asina. Pa via cu un bon carpinté, un bon hefe, of un bon klerk no mester percua solamente pa e trabao ta bon haci, pero tambe e mester percua pa e trabao costa asina poco cu ta posibel.

Otro biaha cu bo mester laga drecha bo dak, bo ta busca un otro carpinté, un cu por zaag y claba mes bon cu esun di promé, pero cu ademas di esey por haci e trabao sin distribi material.

Ta deber di e carpinté y di e donjo di cas pa percua cu gasto ta minimo. Y mescos ta deber di cada empleado y cada hefe. E concurso na página 1 ta pa recorda empleadonan di Lago cu ta deber di un y tur pa yuda mengua costo.

Irausquin y Wester

(continua di pagina 1)

cijfernan, resultado di nan testnan, y nan caracter.

Tur e dos mucha-hombenan tin mas famia ta traha pa Compania. Pedro Irausquin su tata y su cinco omonan ta empleado di Compania. Su tata tin 23 anja di servicio y e ta traha den Receiving & Shipping.

Jan Wester su tata cu ta difunto awor tabata traha den Boiler Shop. Jan tin tres omo y tres primo ta traha pa Lago, ademas e tin un rumen den klas di aprendiz di 1949, un primo den klas di 1946 y un otro den klas di 1948. Irausquin ta biba na San Nicolas y Wester na Santa Cruz.

Compania lo cumpra nan equipaje y paña pa bai cuné. Resto di nan paña lo worde cumprá ora cu nan yega Merca.

E. F. Welch di Training Division, kende a compañá e aprendiznan di anja pasá, lo bolbe hiba e aprendiznan e anja aki; nan lo sali pa Miami dia 27 di Augustus, esta Diadomingo na ocho dia. Dialuna nan ta sigui pa New York den trein y nan ta yega e siguiente dia. Mescos cu esnan di anja pasá, e mucha-hombenan aki tampoco no a yega di sali foi Aruba

nunca di nan bida. Mescos cu Dominico Britten y Francisco Dijkhoff nan lo mira hopi cos nobo y straño.

Nan lo pasa tres dia na New York pa nan conoce e lugar. Biaha pasá e muchanan a pasa cuater dia na New York. Mr. Welch a pidi Dominico y Francisco traha un lista di e cosnan cu nan a goza mas na New York.

Promé cos tabata television; di dos tabata Empire State Building, e edificio di mas halto di mundo, y di tres tabata "automat", un machien cu ta sirbi cuminda ora cu bo tira placa aden. Señor Welch ta recordá cu Francisco y Dominico kera a bai na un "automat" tur anochi promé cu nan bai drumi. Number cuater riba lista tabata un ice show (baliamento riba ijs) y djei a sigui un wegá di baseball, Radio City, Columbia University, y Museo di Ciencia y Industria. Sr. Welch lo usa e lista aki pa laga Pedro y Jan mira tanto di e cosnan ey cu ta posibel den tempo di tres dia.

Pa di dos bez Lago su aprendiznan lo bai Vocational School na Allentown, Pennsylvania. Nan tambe lo biba na cas di Señor y Señora Donald Wilkinson. Sr. Wilkinson ta cabez di un school na Allentown; nan tin dos jioe chikito di nan mes. Sr. Welch,

"Each Drop Counts" As Oil Loss Committee Implements Program

Lago's campaign to conserve oil is being carried out effectively with the help of a recently formed Oil Loss Committee which reviews and suggests improvements in our oil loss reduction program.

Membership in the committee changes each three months and is selected from first line supervisors, operators, and first class mechanics. The committee operates under the chairmanship of the secretary of the Oil Conservation Committee.

During the monthly meetings various phases of the battle against oil losses are discussed. Field trips are made to observe oil loss situations and what is being done to reduce losses.

Members of the committee have made a number of worthwhile suggestions. Although many of the ideas for cutting oil losses have come from round-table discussions, the CYI plan is available for acceptable ideas that fall within normal CYI eligibility.

Organization Changes

(continued from page 1)

L. Kaestner who is now marketing assistant. Mr. Dittle had been training assistant since he joined Lago last January.

Following his schooling and a business of his own for a short period, Mr. Dittle began his work in training in 1939 when he was made training officer for the War Manpower Commission in New York

State. He remained in this position until 1943 when he went with Wright Aeronautical Company as assistant training manager of their Woodridge, N. J. plant.

In October, 1947 Mr. Dittle joined the Jersey organization with Tropical Oil Company in Colombia as training supervisor. He remained with Tropical until he joined Lago in January, 1950.

Pedro y Jan lo tuma un trein pa Allentown dia 1 di September. School ta habri te dia 6 y durante e cinco dianan ey Sr. Welch lo hiba nan bai cumpra tur loque nan tin mester, laga nan haci conoci cu varios hendenan aya, hiba nan bai conoce schoolnan y yuda nan costumá un poco cu nan bida nobo promé cu e bin laga nan.

Help Cut Costs and Be One of the 101

Official Rules
of the
COST REDUCTION ESSAY CONTEST
"How I Can Help Cut Costs"

- Contest opens September 4, 1950; closes October 4, 1950.
- Enter by writing down your thoughts about "How I Can Help Cut Costs", and mail to COST CONTEST. If you wish, ask your supervisor to mail it for you.
- A booklet explaining the Contest contains an entry blank. If you need more blanks, your supervisor will be glad to supply them.
- All regular Lago employees may enter except:
 - Supervisors.
 - Others recognized as part of management.
 - Certain employees in the Esso News office who have worked on the Contest.
- Essays may be any length, and be written in English, Papiamento, Dutch, Spanish, or French.
- Each employee may enter only one essay.
- Write on both sides of paper, using pen, pencil, or typewriter.
- Essays will NOT be judged on grammar or fine writing. They WILL be judged on what you can do to help cut costs. Your essay will be judged in relation to your job. That is, a higher-paid employee has a greater opportunity to help cut costs than the lower-paid employee. So more will be expected from the higher-paid employee. And the sincerity of your essay will count too. Regardless of your job, you have as good a chance as anybody else to win any prize.
- Your name and payroll number will not be seen by the judges. Each essay will receive a number, and the judges will see only that number, plus your department and job title.
- All essays become the property of the Lago Oil and Transport Company, Ltd.

Reglamento
pa

- E articulonan lo no worde huzgá segun buniteza ni gramática. Bo articulo lo worde huzgá na comparacion cu e puesto cu bo ta ocupá. (Ke meen anto, un empleado di hopi salario tin mas oportunidad pa haya ideanan pe usa den su articulo cu un empleado di menos salario; p'esey e articulo di un empleado di hopi salario lo worde huzgá mas streng. Y sinceridad tambe ta conta). Maske ki sorto di trabao bo tin, bo tin mes tanto chens cu tur otro pa gana un di e premionan.
- Esnan cu ta huzga e articulonan lo no mira ni bo nomber ni bo payroll number. Cada articulo ta haya un número, y e hueznan lo mira solamente e número ey, bo departamento y bo titulo.
- Tur e articulonan manda aden ta bira propiedad di Lago Oil & Transport Company, Ltd.

British Ship Visits
Aruba; Open to the
Public Tomorrow

The 1,450 ton British frigate H. M. S. Sparrow arrived in Oranjestad Harbor today on an informal visit, and will remain until Wednesday. The ship will be open to visitors tomorrow afternoon from 2 until 5 o'clock.

The Sparrow, built for convoy protection, was launched in 1946 and has been in the America and West Indies Squadron since February, 1947. She carries six 4-inch guns in addition to a number of smaller close-range anti-aircraft guns. Her anti-submarine equipment includes depth charges. She carries a complement of eight officers and 180 men.

S. J. Boord, R. N., has been the Sparrow's captain since August, 1949. During the war Captain Boord served the Royal Navy in Oran, Algiers, Egypt, Tripoli, Zuara, Sicily and Salerno. He also served on the battleship Rodney from 1938 to 1940 and again, as second in command, for two years following the Salerno assault in 1943.

Sociedad Bolivariana
Installs New Officers

The Sociedad Bolivariana, cultural society, took Simon Bolivar's birthday, July 24, as occasion for installing the newly elected Board. Guiding the organization for the next year will be: J. de Castro, president; J. A. Nieuw, vice-president; R. Lopez-Henriquez, 1st secretary; Milo J. Croes, 2nd secretary; R. Ph. Maes, treasurer; O. Davelaar, Th. D. Luydens, commissioners; C. F. Doesberg, legal advisor.

104 Aprendiz,
Klas di 1946
Lo Gradua Awe

Awe 104 miembronan di Klas di Aprendiz di 1946 ta gradua. E klas aki ta esun di mas grandi den historia di Lago cu ta gradua di e curso di cuater anja di entrenamiento.

Ceremonianan di graduacion lo tuma lugar riba veld di tennis di Lago Club for di 2 or p'adilanti. Antes graduacion tabata tuma lugar den teatro di Esso Club, pero e biaha aki e lugar ey ta mucho chikito pa tur e graduadonan y nan famianan, y oficialnan di Compania cu ke ta presente na e ceremonianan.

Gezaghebber Interino H. A. Hessling y Inspecteur Goslinga lo dirigi palabranan na e graduadonan. F. E. Griffin lo dirigi e ceremonianan y lo entregá diplomanan.

E discurso principal di e merdia lo ta esun di Gerente General, O. Mingus, kende, na mes tempo, lo anuncia ta cua ta e dos aprendiznan cu ta bai Merca pa un anja di estudio e biaha aki.

Pedro Irausquin lo duna bonbini den nomber di aprendiznan, mientras cu Morris G. Emerencia lo papia discurso di despedida den nan nomber.

Despues lo sigui un brinda pa e hobennan y nan bishitanan den patio y sala di e club.

Varios piezanan di trabao cu e graduadonan a traha lo worde exhibi den e patio. Ademas di esey piezanan di trabao di e aprendiznan cu ta den nan promé anja tambe lo worde exhibi.

P. Jensen Ta
Ricibi Premio
Inicial di F 1000

Mil florin, e premio inicial di mas grandi cu Coin Your Ideas a yega di duna, tabata suerte cu a toca Paul Jensen, general foreman di Instrument siman pasá.

Mr. Jensen su idea a worde mandá aden foi anja 1946 y e tabata propone pa traha cuartonan pa deposita herment, cu por moef di un lugar pa otro, segun cu tabata baha still. E idea a worde adoptá básicamente ora cu Compania a cumenza usa dos trailer cu herment y piezanan di trabao pa bahamento di still.

Di es moda ta spaar hopi tempo y inconveniencia di spera pa piezanan y hermentnan cu antes mester a bini foi Storehouse.

Due Punishment Castigo Mereci

There once lived a camel and a cat who were great friends. One day the cat was very hungry, so he said to the camel: "Say, how about taking me across the river. There is a fine sugar cane field over there which you would enjoy and I'm sure I can find lots of crabs, bones and fish along the riverside for my dinner."

The camel, being a kind and generous camel and a real friend, said, "O.K.", and swam across the river, taking the cat, who could not swim, on his back. When they reached the other side, the camel went to eat the delicious sugar cane and the cat ran up and down the river bank eating all the crabs, bits of fish and bones he could find.

But being so much smaller an animal, he had made an excellent meal before the camel had eaten more than two or three mouthfuls. Being a mean old cat, and not really a true friend at all, when he had finished his dinner he ran round and round the sugar cane field, yelping and howling with all his might.

The villagers heard him and thought: "There is a cat among the sugar cane; he will be scratching holes in the ground and spoiling the roots of the plants." And they went down to the place to drive him away. But when they got there, they found to their surprise not only a cat, but a camel who was eating the sugar cane! This made them very angry and they caught the poor camel and drove him from the field, and beat him till he was nearly dead.

When they had gone, the cat said to the camel: "We had better go home."

And the camel said: "Very well, jump upon my back as you did before."

So the cat jumped on the camel's back and the camel began to recross the river. When they had got well into the water, the camel, being very hurt by what his faithless friend had done, said: "This is pretty

Tabatin un tempo cu Compa Kameel y Compa Pushi tabata masha bon amigo. Un dia cu Compa Pushi a lamta cu masha apetit, el a pidi Compa Kameel hibé otro banda di rio. "Tur es tem cu mi ta come cangreuw y piscá na canto di rio, bo por come yerba fresco cu ta crece den un cunucu ey banda", el a bisa Compa Kameel. Compa Kameel a combiní y Compa Pushi a subi riba su lomba y nan a cruza rio. Ora nan a yega na otro banda, Compa Kameel a cumenza come yerba y Compa Pushi a corre na canto di awa comiendo cangreuw y piscá. Pero Compa Pushi tabatin mas ligereza cu Compa Kameel y den un rato e tabata cla, mientras cu ta e ora ey Compa Kameel a cumenza cu di dos

way in which you have treated me, friend cat. No sooner had you finished your own dinner than you must go yelping about the place loud enough to arouse the whole village and bring the villagers down to beat me black and blue, and turn me out of the field before I had eaten two mouthfuls! What in the world did you make such a noise for?"

"I don't know," said the cat. "It is a custom I have. I always like to sing a little after dinner."

The camel, being a wise old camel, waded on through the river - deeper and deeper, until he was obliged to swim. Then turning to the cat, and with a tricky look in his eye, said: "I feel very anxious to roll."

"Oh, pray don't. Why do you wish to do so?" asked the cat.

"Oh, I don't know," answered the camel. "It is a custom I have. I always like to have a little roll after dinner." So saying, he rolled over in the water, shaking the cat off as he did so. As the cat rolled off into the water he realized, though too late, that it doesn't pay to be unfaithful and mean to friends who trust you. Just before he drowned he saw the camel swimming safely ashore.

104 Apprentices, Largest
Class, Graduate Today

Today is graduation day for the 104 members of the eighth Apprentice Class. This Class of 1946 is the largest group of boys ever to be graduated from the company's four-year training course.

The ceremonies are being held at the Lago Heights tennis courts starting at 2 p.m. It was decided that the Lago Heights Club auditorium, where graduation exercises have been held in previous years, would not be large enough to hold all the relatives and friends of the graduates and top company officials wishing to attend.

Acting Lt. Gov. H. A. Hessling and Dr. W. J. Goslinga, inspector of education in Curaçao, will give brief messages to the graduates. F. E. Griffin, general superintendent, will

boca di yerba. Ora Compa Pushi a caba di come el a cumenza grita, haci desorde, bula aki, bula aya.

E cunukero a tende lawaai y e cu su jioenan a bin mira ta kico tabata socede den cunucu. Compa Pushi a krimp sconde su curpa, pero ta unda Compa Kameel pober por a sconde un curpa grandi asina. De la manera cu donjo di e cunucu a duné un zota cu el a keda tur blaauw y mitar morto.

Ora cu tur cos tabata keto atrobe, Compa Pushi a sali y el a bisa: "Ta ora di bai cas."

E kameel di ta bon y Compa Pushi a bolbe subi riba su lomba pa nan bolbe cruza rio. Ora cu nan tabata hopi afor Compa Kameel di: "Ta com bo ke traiciona mi asina, Compa Pushi. Asina cu bo a come bo comi bo a cumenza haci un desorde di otro mundo. Anto ora e cunukeronan a bini, ta ami a para wanta sla. Ta pa kico bo a haci tanto lawaai usina?"

Compa Pushi a grita hari. "Mi'n sa pa ki motibo", el a contesta, "pero ki ora cu mi caba di come mi ta gusta canta un poco," y el a sigui hari Compa Kameel, haci bofon di dje.

Compa Kameel no a contesta nada, pero el a sigui camna y e awa a sigui subi, subi, subi, te cu ta landa e mester a cumenza landa. Den esey e di cu Compa Pushi: "Mi tin gana di cumenza lora den awa."

Compa Pushi a spanta te perde colo. "Ta pa haci kico bo ta bai lora den awa awor aki?" el a puntra spantá.

"Mi'n sa pa ki motibo", Compa Kameel a contesta, "pero ki ora cu mi caba di come, mi ta gusta lora den awa." Y den esey el a cumenza lora y Compa Pushi a basha den awa, bai abao sin bolbe nunca mas.

act as master of ceremonies and will present the diplomas.

The main address of the afternoon will be given by General Manager O. Mingus. He will also present two scholarships for a year's study in the United States to Pedro Irausquin and Jan Wester. (See separate story). These scholarships have not been previously announced.

Pedro J. Irausquin will give the welcome address and the farewell message will be given by Morris G. Emerencia. Both boys are members of the graduating class.

A social hour immediately following the ceremonies will be held for the graduates and guests on the club patio and in the lounge.

An exhibition of various projects made by the boys during their fourth year of training will be on display on the club patio. Groups having exhibits are Carpenter, Colony Maintenance, Electrical, Garage, Instrument, Machine-Foundry, Masons and Insulators, Blacksmith-Boiler-Tin Shops, Pipe Shop, Marine-Carpentry, Marine-Machine, Marine-Pipe, Cracking Plant, Acid and Eddeleanu Plant, Light Oils Finishing, Light Ends and Catalytic, and Public Relations Department.

In addition, job exhibits from the first-year apprentice group will be on display.

Directiva Nobo pa
Soc. Bolivariana

Sociedad Bolivariana, asociacion cultural di masha popularidad, a scoje aniversario di Simon Bolivar pa nan a instala nan Directiva nobo pa 1950-51. E fecha tabata 24 di Juli, y despues di instalacion a sigui varios discursonan en conexion cu e aniversario y un brinda pa idealnan di e heroé y pa progreso di e asociacion.

E Directiva nobo ta manera ta sigui: J. de Castro, presidente; J. A. Nieuw, vice-presidente; R. Lopez-Henriquez, 1o. Secretario; Milo J. Croes, 2do. Secretario; R. Ph. Maes, tesoroero; O. Davelaar, Th. D. Luydens, commissaris; C. F. Doesberg, consehero juridico.

CYI JACKPOT

T. K. HOLTANE, above, received a supplemental Fls. 300 for suggesting a system to repair graphitized Ni-Resist channel sections.

A. J. RODRIGUES received Fls. 100 (supplemental) for his idea of relocating peepholes of cross and reducer furnaces - units No. 1-8.

MARTINUS SMIT was awarded Fls. 65 more for his idea to install a gravity jar to facilitate taking sidestream gravities - high pressure stills.

S. M. BACCHUS turned in an idea to discontinue the "Time Per Drawing" record. This suggestion earned him a Fls. 60 award.

These 65 Employees Received Fls. 3305 for Their Ideas

It pays to think! These employees proved it with their suggestions. Coin Your Ideas is ready to give you cash for your ideas too. The place to start looking for ideas is on your own job or everyday activities. Look for easier, safer, or cheaper ways.

Fls. 225

S. L. Seeley
Use metal pile tips for maximum penetration when driving piles.

Fls. 80

L. L. McGrew
Install new air collector cones on sewage lift station accumulator pots.

Fls. 50

J. P. Halley
Substitute stencil cut repair lists in place of ditto copies - dry dock.
Mark H. Taylor
Use 6"-8" I. D. canvas hose with air ejector or blower for cleaning of light oil ships.

F. Legenhausen
Install ventilation duct - vault west of general office.

H. Wever
Extend hose drain grating - No. 1 finger pier.

Fls. 40

A. G. Ashton
Provide bus transportation pass - Lago hospital patients.

Fls. 35

A. E. Federle
Add springs and micro adjustment screws re busy tone - telephone exchange.

Miguel Pieters
Identify bus stops in refinery.
Simon Geerman
Install safety cages around ladders - 5 & 10 ton cranes - shipyard.

Fls. 30

Cecil Barran
Use infra red lamp to determine I. P. freezing points.

P. D. Wallace
Make available to Lago personnel - Esso touring card maps.

F. Oswald
Disconnect six oil drip cups on electric hydraulic pump No. 1475 and install plugs.

G. Hermans
Eliminate cables and drums on discharge valves - H. O. pumps C. U. No. 1-4.

T. H. Harrod
Cotter pin for cross head bolts on reciprocating pumps. - L.O.F.

W. Moyer
C.Y.I. program publicity
Erwin Wydh
Tie P.D. separator drain into water collecting system - No. 6 C.U.

C. A. Naloop
Install light in telephone booth - Butterworth dock

Fls. 25

Victor S. Lee
Mail progress report cards of apprentices to parents or guardians.

A. Tjien Foo
Install switches for washing machine outlets - colony bungalows

E. B. Fields
Use Reel-ite electric light cords in garage.

Th. H. Lie Kwie
Install return line from sample cooler vent to return line from ISAR to AAR-2.

N. C. Aqui
Install swing gate on south screen of 2300 volts lighting transformer back of No. 1 powerhouse.

Leroy McGrew
Install knuckle guards on wheel barrow handles.

E. P. Louison
Install buzzer system or direct telephone - Col. shops & Zone No. 4 office.

Joseph Thomas
Install solenoid valve in liquid line hospital air-conditioning system.

Michael Lewis
Install sample bleeder on fuel loading line - tractor fuel pumphouse.

Herman Hennep
Install washing machine in plant dispensary.

FLS. 100 to I. Jermain who suggested equipping fork lift trucks with solid rubber tires.

FLS. 500 to W. A. Rippon for his idea which is now being used on Boscan and Temblador class tankers. He suggested installing an isolation valve on the discharge line between amidships and forward connections.

A FLS. 400 supplemental award goes to W. de Souza for his idea which has already won an initial Fls. 100 and a capital Fls. 400. His idea was to install a sight glass in catalyst loading line from 1/2 ton hopper.

John F. Johnson
Outdoor substation switch stick container.

Marino Kemp
Relocate light pole opposite entrance of utility building - barge dock area.

Marino Kemp
Install safety latches to window in paint house - dry dock.

A. J. Huibers
Install fire extinguishers at paint building - barge dock.

F. J. Breusers
Quench gas oil to cross release on No. 1 H.P. still heavy lake Siamese bypassing chamber operation.

W. E. Learned
Weld angle bracket to drum shell - tar knock-out drum.

F. S. Oswald
Extend platforms around No. 4 precip. hopper tank and around No. 3 precip. - 6th floor.

E. Damian
Shorten sample line from main fresh feed line - No. 6 C.U.

Fls. 20

Joseph S. James
Install stationary ladder for removing and replacing suction filter - No. 5 compressor - control pumphouse.

I. R. Ogilvie
Install fire extinguisher at new marine warehouse.

E. J. Schofield
Provide liquid deodorizers in all urinals at training division.

C. A. Dowding
Extend height of traffic sign (POCO - POCO) - PCAR.

James McIntosh
Install one-way traffic sign - B.Q. No. 20 Lago Heights.

E. E. Halman
Install piping to sewer on steam bleeder - No. 3 C. U.

Kenneth Nunes
Relocate conduit for lights AAR-2

A. C. Gomes
Install awning over east entrance and windows - tar plant.

M. F. Casuela
Install railing on platform - Recirc. flux draw-off valve - No. 4 H.P. still bubble tower.

Marciano Robert
Place towel dispenser in foundry.

Guillermo Giel
Enlarge washing stand west of main electric shop.

W. Byron Cox
Delete subsidiary and year designation on C.Y.I. minutes.

Ernest W. Lake
Install fire extinguishers - launch dispatchers office and Lake Tanker dock No. 8.

H. P. Gittens
Remove light stanchion at southwest corner spheroid tank No. 710.

D. F. Amick
Conduit enter explosion proof housing at side - compressors - AAR-2.

R. Ching Yong
Install direction signs - English & Papiamento - cashier's office.

Th. H. Lie Kwie
Change position of propane block valve Alky No. 2.

Jacinto Tromp
Alter entrance of milk bar - training division - Ind. Relations Dept.

J. Laviest
Extend air line west of present position - No. 4 finger pier.

R. E. Mitchell
Place names of general foremen on office doors - M & C Dept.

H. del Prado
Install extinguisher in Lago thrift office - main gate.

R. Kux
Replace casters on carts with rubber-tired wheels - ward B - hospital.

Government Trade School To Open in September

A new government trade school for Aruban boys will be opened in Oranjestad around the first part of September. G. Amelink, a teacher in the Juliana School, is the principal.

It was felt that Aruban youth should be given an opportunity to learn an actual skill or study for a future profession. Until the new government trade school was instituted Lago offered the only large-scale opportunity for vocational training.

Boys who have completed grade school may enroll for the three-year course at a cost of Fls. 2.50 per month plus the purchase of text books. School hours will be from 8 until 3:15 Mondays through Fridays.

Courses of study will include Dutch, English, Mathematics, Arithmetic, Physics, Mechanics, Structural Knowledge, Materials Knowledge, Theoretical Trade Knowledge, and Mechanical Drawing. Trades to be studied will be Machinist (lathe worker), Automobile Mechanics and Electrical Mechanics. Carpentry will be instituted in the second term. Boys will also be given the opportunity to study Christian Doctrine if they wish.

New building planned

The school will be housed in the old barracks of the Juliana School until a new building, with location planned for the Santa Cruz road, can be built. The architectural plans for the new school building have been drawn up by Jan Nagel, director of the Aruba Building Company. When funds are available from the government construction will begin.

There will be three teachers, Mr. Amelink, S. C. Schouten, formerly a director of a private trade school in Curaçao, and a substitute who will fill in until a third regular teacher arrives from Holland.

The idea of a trade school, long needed in Aruba, was first conceived four years ago by Dr. W. J. Goslinga, inspector of education from Curaçao.

The government was approached with tentative plans and gave the final go ahead signal last year. Dr. Goslinga then delegated Mr. Amelink and Mr. Schouten to work with him in drawing up the outline of study for the new school.

To date fifty boys have registered and enrollments are still being taken.

Tripulante di Maracay A Gana Premio pa Lema

R. Pataca, boatsman di "Maracay" a gana un premio di Fls. 50 pa e lema cu el a contribui den e Concurso pa un lema pa e borchu nobo di Seguridad di Lake Fleet.

E Comité especial pa huzga e lemanan cu a worde mandá aden a scoge Sr. Pataca su lema "Safe Harbor - Our Port; Safety First - Our Course" como esun di mihor. Esnan den e comité tabata: Captain W. L. Thomas, presidente; W. R. Constable, Captain J. MacLean, Captain W. E. Porter, y W. L. van Putten.

E borchu ta muestra cada vapor di Lake Fleet y tur ta cu rumbo pa "Puerto Seguro". Luznan corrá lo indica cu tabatin un accidente; luznan berde ta worde usá ora cu turcos ta bon. Number di e vapor na bordo di cual tabatin un accidente ta parce skirbí 48 ora largo riba e borchu. Tur siman e vaporan cu no tabatin accidente ta worde halá p'adilanti.

THE WINNING SLOGAN of R. Pataca "Safe Harbor - Our Port; Safety First - Our Course" will go at the top of this new Marine safety record board. The board shows each ship in the fleet headed across to a "safe anchorage." Each week, if there are no accidents, the ship model is moved forward and two green lights go on. When there is an accident, two red lights go on, and the name of the ship is posted.

Esaki ta e borchu nobo di Seguridad di Lake Fleet. R. Pataca a gana e premio cu e lema cu el a propone y cu a worde acceptá. "Safe Harbor - Our Port; Safety First - Our Course." E borchu tin un vaporcito pa representa cada vapor di Lake Fleet y tur siman cu pasa sin accidente e vapor ta bai adilanti y dos luz berde ta cende. Si tin accidente, dos luz corrá ta cende y number di e vapor ta parce skirbí.

"Maracay" Bosun Wins Marine Slogan Contest

R. Pataca, Bosun of the "Maracay", earned a prize of Fls. 50 by turning in the best safety slogan for the top of the new fleet safety scoreboard at the head of the lake tanker dock.

The special committee formed to judge the entries in the contest selected Mr. Pataca's "Safe Harbor - Our Port; Safety First - Our Course" as the best of the many entries. Judges of the slogans were Capt. W. L. Thomas, chairman, W. R. Constable, Capt. J. MacLean, Capt. W. E. Porter, and W. L. Van Putten. The new fleet scoreboard shows each ship in the fleet, drawn to scale. Each tanker is headed across the board toward "safe anchorage". Red lights show an accident has happened; green lights show safe sailing, and each individual tanker is moved ahead each week if it has had no accidents. The name of a ship having an industrial accident will be posted on the board for 48 hours.

Gobierno Lo Habri School di Ofishi Pa Mucha-hombenan

Gobierno lo habri un school di ofishi pa mucha-hombenan na Oranjestad na principio di September. G. Amelink, actualmente un maestro na Julianaschool lo bira cabez di e school di ofishi.

Tabata muy necesario pa mucha-hombenan haya un oportunidad pa sinja un ofishi of studia un profesion. Te awor ta Lago tabata e único oportunidad pa entrenamiento vocational.

Mucha-hombenan cu caba lagere school por sigui e curso di tres anja pagando Fls. 2.50 pa luna y cumprando nan mes bukinan. School ta dura di 8 pa 3:15 di Dialuna te Diabierna.

Cursonan di estudio ta inclui Hulandes, Ingles, Matematica, Reekmento, Conocemento di Construcion, conocemento di Material, Teoria di Ofishi, y Trahamento di Plan. E ofishinan cu e muchanan por sinja ta: Machinist, Mecánico, Electricista, mientras cu Carpinteria lo worde inclui anja cu ta bini. E muchanan cu ta desea por sinja Catisashi tambe.

E school lo cuminsa den un edificio di tabla di Julianaschool te ora cu un edificio nobo worde trahá, probablemente na caminda di Playa pa Santa Cruz. Jan Nagel, director di Bouwmaatschappij Aruba, a traha a plan pa e edificio nobo.

Lo tin tres maestro na e school: G. Amelink; S. C. Schouten anteriormente director di un school di ofishi na Curaçao y un otro maestro temporario te ora cu yega un permanen-

Camera Club Ta Tene Exhibicion

Diabierna, dia 4 di Augustus, Aruba Camera Club a tene un exhibicion público den edificio di Lago Club Activities. Esaki ta di promé bez desde cu e club a worde fundá na Maart.

Mas di 30 portret di salon tabata e promé di un serie di exhibicionnan cu ta bai tuma lugar mensualmente. Norman Singh di T.S.D. a gana promé premio di Fls. 25, donacion di Kusters Trading Company. Hueznan na e exhibicion tabata C. Kosier di Industrial Relations, Dr. R. Burtan di Medical Department, y Cecil Gray di T.S.D.

Aruba Camera Club a worde fundá dia 24 di Maart ora cu nuebe aficionado a reuni pa studia posibilidadnan pa cuminsa un club. Dia 31 di Maart e club a tene su promé reunion oficial y nan a eligi un Directiva, manera ta sigui: Allan A. Kallou, presidente; Hilton C. Benthum, vice-presidente; Joseph H. Morris, tesorero, y F. P. Moran-Guevara, secretario.

Obheto di e club ta di presta yudanza na aficionadonan di fotografia pa medio di lecturanan, cursonan, y práctica. E exhibicionnan mensual ta worde sigui pa critica constructivo di e trabaonan.

15 Arubiano Ta Bai Roma Pa Anja Santo

Un grupo di 15 Arubiano a sali pa La Guayra dia 31 di Juli, unda nan a uni nan cu un otro grupo, formando un peregrinacion di 300 hende pa bai bishita Roma cu motibo di Anja Santo. Nan a sali for di La Guayra dia 2 di Augustus abordo di e vapor Italiano "Portugal".

E peregrinacion ta: Emiliano de Cuba y Adelita de Cuba, Josef Lacle y su jioe-homber, Emma Wolter, Francequita Henriquez, Anna Matilda Oduer, Eva Arends, Sofia Lacle, Jose Dirksz, Maria Wever, Joh. Oscar Arends y señora, S. N. Ecury y señora.

Ademas di Roma, e vapor lo toca diferente puertonan na Italia. Despues di dos luna y mei e viaheronan ta bolbe Aruba.

te for di Hulanda.

Dr. Goslinga, Director di Departamento di Educacion, a bin riba e idea di un school di ofishi cuater anja pasá. El a acerca Gobierno cu e plannan y anja pasá Gobierno a duna aprobacion. E ora Dr. Goslinga a pidi Sr. Amelink y Sr. Schouten pa traha hunto cuné riba e plannan.

Hasta la fecha, 50 mucha-homber a worde acceptá y ainda tin tempo pa sigui duna number.

Camera Club Holds Salon

For the first time since its formation in March, the Aruba Camera Club exhibited its work to the public Friday, August 4, at the Lago Club Activities building.

The exhibit of more than 30 salon photographs was the first of a series of monthly contests. First prize of Fls. 25 was won by Norman Singh, T.S.D. and was donated by the Kuster Trading Co. Judges of the contest were C. Kosier, Ind. Rel., Dr. R. Burtan, and C. Gray, T.S.D.

The Camera Club was founded last March 25 when nine amateur photographers met in the Lago Heights Bachelor Quarters to explore the possibilities of promoting a club. By March 31 the Club had its first official meeting in the activities building and had elected officers. Elected were: Allan A. Kallou, president; Hilton C. Benthum, vice-president; Joseph H. Morris, treasurer; and F. P. Moran-Guevara, secretary.

The purpose of the club is to give general assistance to amateur photographers through lectures, field trips, and short courses. The monthly exhibits are followed by constructive criticism of the work. Another project underway is the direction and equipping of a darkroom and studio.

The Camera Club meets weekly on Friday evenings.

THE KNOT WAS TIED for Mario Rasmijn, Machinist Department, and Diana Boekhoudt, July 27 at St. Theresa Church in San Nicolas. Juan Briezen, Catalytic Department, was best man, and Truida Rasmijn, first bridesmaid.

Matrimonio di Mario Rasmijn di Machinist Department y Diana Boekhoudt a worde celebrá na Misa di Santa Teresita na San Nicolas dia 27 di Juli. Juan Briezen di Catalytic Department y Truida Rasmijn tabata padrino cu madrina.

DULCE PETERSON, Ececutive Office, gets several wedding presents from her co-workers. Here she proudly shows a full silver set. She was married on August 4 to Frans Gazendam. Miss Peterson has worked for six years in the Executive Office group.

DULCE PETERSON di Executive Office a ricibi varios regalo di su coempleadonan cu motibo di su casamento cu Frans Gazendam, dia 4 di Augustus. Despues di e casamento tabatin un recepcion na cas di e bruid.

VISITING EVANGELIST Monte Grant, fourth from right, poses with her friends from the Pentecostal Church in San Nicolas. From the left are Deacons K. Liburds, V. Richardson, V. Lewis, A. Forde, Evangelist Grant, Pastor E. V. Connor, Machinist Department; Mrs. C. Jackson, widow of the late Pastor Jackson, and Deacon G. Morgan. Deacons not shown are W. Atkins and E. Vanterpool.

Evangelist Visits Pentecostal Church in San Nicolas

Monte Grant, missionary and evangelist from Corona, N.Y., visited the Pentecostal Church in San Nicolas during June and July. She also made a short visit to Curaçao. During her stay in Aruba many special meetings were held at the church, with a final farewell service held July 31.

During her visit Mrs. Grant took time to go to hospitals to visit the sick who were unable to attend her services.

She left Aruba August 1 for Jamaica and later plans to visit Havana, Cuba.

Aruba Rainfall Turns Tabled On St. Swithin's Day Legens

An old English superstition goes like this: "If it rains on St. Swithin's Day, July 15, it will continue to rain for forty days!"

Of the 0.99 inches of rain that fell in July, there was a period between July 5 to July 18 in which there was no rain... except for a little bit that fell on St. Swithin's day.

It wasn't very much rain... just .01 inches, but it was enough to turn the tables on the old superstition. It hasn't rained for forty days after!

Rainfall this year is breaking other traditions too. Although July ranks sixth in rain for the last 21 years, the total for the last seven months, 18.68 inches, is far ahead of the average for the last 20 years, 4.98 inches.

A few more figures are interesting. July is ahead of the average rainfall for that month, 0.77 inches; the first seven months for this year are ahead of any previous seven months (the highest was 1938 with 10.35 inches). And the 18.68 inches so far this year are ahead of the total rain recorded in 13 different years since 1930.

Think Cost Reduction
And Enter the Contest

Writing an Essay is Easy

Have you ever written a letter, made out a shopping list or jotted down notes to yourself as reminders? Writing an essay is as simple as any of those things. Just write down your thoughts on ways you can help reduce costs and connect them with some "ands", "alsos" and periods and - there, you have it.

The important point is that you do write down your ideas on cutting costs, not the way you write them down.

FRIENDLY RIVALS. Members of the Aruba and Curaçao golf teams whose match ended in a tie are, on the Curaçao team, standing, Mrs. Jessie King, Eagle, Oranjestad; Mrs. Vivian Westbury, Mrs. Betsy Bouwens, Mrs. Arneke Ter Poorten, captain; Mrs. Gwen Fosbrook, Mrs. Ida Barbour, Eagle, Oranjestad, Mrs. Willie Mater and Mrs. Rena Koole. On the Aruba team, seated, are Mrs. Elizabeth Johnson, Mrs. Betty Bonbrest, Mrs. Evelyn Reeve, Mrs. Zenia Wright, Mrs. Gladys Stevens, Mrs. Gladys Baggaley, Mrs. Frances Uhr and Mrs. Fern Garber, captain.

Aruba-Curaçao Golf Sport Park Baseball Match Ends in Tie

The golf match between the women's teams of Aruba and Curaçao, the first in 10 years, played the last week end of July, ended in a tie. This is the first time in memory of women's golf matches in Aruba that the final score has been all tied up. The cup, donated by Dr. Virgil Reeve for this and future Aruba-Curaçao tournaments, was given to the Curaçao women to keep for six months. It will then be returned to Aruba until the return tournament next year. Dr. Reeve also donated prizes for tournament low gross and low net which he will continue to do for future Aruba-Curaçao matches. The prizes, a silver platter and matching covered vegetable dish for each, were won by Mrs. Gladys Baggaley, low gross and Mrs. Gladys Stevens, low net.

Prizes given by the Golf Club for the visiting team were a Jensen key ring won by Mrs. Jessie King for low net, and a matching set of Jensen pins won by Mrs. Gwen Fosbrook for low gross.

The visiting team arrived Thursday, July 27 and was met at the plane by the Golf Club officers and the team. Matches, 18 holes a day, were played on Friday and Saturday. During their free time the ladies were entertained at informal gatherings, a formal party, a luncheon, a cocktail party and the Golf Club informal dance.

The eight visitors returned to Curaçao Sunday night. They will play host for the return match sometime next year.

Irausquin and Wester Named

(continued from page 1)

clothes will be bought after their arrival.

Accompanied by E. F. Welch of the Training Division who went with last year's winners, the boys will leave by plane for Miami August 27, a week from Sunday. Monday they take off by train for New York, arriving the next day. The trip this year parallels last year's in that neither boy has ever been off the island before. As with Dominico Britten and Francisco Dijkhoff last year, most of their experiences will be firsts.

They will have three days in New York City in which to see the sights. As this is one day less than last year Mr. Welch asked Dom and Frank to list what they enjoyed most when they were in the "big city". First on the list was a television broadcast. Second was the Empire State Building and then came the automat; Mr. Welch recalls that the boys wanted to go to the automat every single night just before bedtime. Fourth on the list was the Ice Show and then came a baseball game, Radio City, Columbia University and the Museum of Science and Industry. Starting from the top of the list Mr. Welch will take Pedro and Jan to see as many of these as time allows.

For the second year Lago's boys will attend the Allentown (Pa.) Vocational Public High School and will make their home with Mr. and Mrs. Donald Wilkinson. Mr. Wilkinson is principal of the Junior High School. They have two small children of their own. Mr. Welch, Pedro and Jan take the train for Allentown September 1. Until school opens on September 6 Mr. Welch will take the boys shopping, introduce them around town, acquaint them with the schools and help them to get used to their new life.

Four hard-fought games have been played in the Sport Park baseball tournament starting with a pitchers' duel in the kick-off game between Babe Ruth and San Lucas on July 30.

Scores on the four games are:
 Babe Ruth 1 San Lucas 0
 Braves 13 Budweiser 8
 Dodgers 1 Red Rock 0
 San Lucas 3 Nesbitts 2

The 1950 competition promises to be outstanding, judging by the games so far. One of the best performances has been that of Babe Ruth's Reuben Phillips who pitched a no-hit game for 8 and 2/3 innings, (the first of its kind in any Lago Sport Park organized competition). Top quality pitching and tight playing at all points have kept runs to a minimum. The race for the championship will be close and exciting, both to the teams and to the spectators.

THE NBC TROPHY is presented to E. Huckleman, right of the Plant Dispensary, who is Baseball Commissioner for the Netherlands Antilles. The trophy, donated by the Coca Cola Company, will be awarded to the winning team of the 1950 Lago Sport Park Baseball League. This team will be honored as the top team in the Netherlands Antilles. Rosie Tjin-A-Loi, a Coca Cola employee, is presenting the trophy while L. J. Prince, superintendent of the Coca Cola plant, looks on.

Contest Announced

(continued from page 1)

member or alternate, a staff supervisor and a foreign staff supervisor. Every department will be represented on at least one team.

Each essay will be sent from the Cost Contest office to a judging team on which there is a member from the writer's department. The writer's name and payroll number will not be seen by the judges. Each essay will be given a number by the Cost Contest office and judges will see only that number plus the writer's department and job title.

Lago's Executive Committee will act as the final judges, determining the order of merit among the 101 best essays.

Now is the time - start today to think about cost reduction and what you can do in your department to help. Write down your thoughts and be all ready to write your essay when the contest opens in two weeks. Think, too, about what you could do with the prize money you might win, and then you will see.....

Braves Leading In Heights Softball

The Lago Heights Softball Tournament reached its fourth week of play last week proving once again that upsets are as typical of softball as any sport. Last year's underdog Braves have swept the field of ten teams winning four games out of four, while the Dodgers, previous champions, are in fourth place.

Team standings as of August 10 show:

Team	Played	Won	Lost
Braves	4	4	—
Victoria	2	2	—
Los Tigres	3	2	1
Dodgers	2	1	1
Babe Ruth	2	1	1
Cracker Jacks	2	1	1
Cubs	3	1	2
Budweiser	3	1	2
Patriota	2	—	2
Giants	3	—	3

The games are being played on Tuesdays, Wednesdays, and Fridays at the Lago Heights playing field (double-headers on Fridays).

Inter-departmental Football Scores

Hard and fast playing has characterized the Lago Sport Park football competition to date. Veteran players on all teams are sparkplugs, although clicking-teamwork has been the keynote of all games. Scores up to August 11 are listed below:

Team	Score	Team	Score
Electrical	1	Instrument	0
LOF	4	Neth. Harbor Works	0
Storehouse	1	Shipyard	2
Cracking	5	Medical	0
Garage	2	Accounting	1
Marine	2	R & S	0
Masons	5	TSD Eng.	1
Training	5	Commissary	1
Metal Trades	2	Instrument	1
Medical	2	Catalytic	1

Three of the participating teams, Shipyard, Medical, and Cracking, are shown at right.

95 Apprentices Chosen For Vocational Program

Ninety-five new vocational students for the company's four-year training program have been chosen from the 258 recently tested in ten schools.

This group of boys will be made job offers and will be scheduled for physical examinations shortly. Those that pass will begin the vocational program around September 12.

During the first year, half of their time will be spent in developing manual skills in the Training Division's well-equipped shops; the balance of time will be on classwork, concentrating first on English and arithmetic. During the first two years in the four-year course, a portion of each day is given over to recreational periods.

New Korfbal Teams Training Hard

THE AGUILAS, a new girls' basketball team, was formed recently. It is a part of the Victoria Athletic Club of San Nicolas. The team is captained by Mrs. Simon Geerman, standing third from left, whose husband works in the Shipyard. The coach is shown at left. In practise sessions the Aguilas were defeated by the Antillas (right) 7 to 4, but won from a Sparta team 8 to 5. (Photo by S. Rajroop)

AGUILAS, un team di basketbal cu a worde formá ultimamente ta parti di Club Victoria di San Nicolas. Señora di Simon Geerman di Drydock ta captain.

THE SHIPYARD FOOTBALL team lines up for a picture. Front row, left to right, are: Seferino Ridderstap, Alexander Tromp, Cerilio Werleman, (goal keeper) John Halley (vice captain), Venancio Solognier, Seferino Albertsz, Dominico Gomez, and Regino Roga. Back row: Seferino Maduro, Roberto Rasmijn, Juan Kock (captain), Brigilio De Ambrosio Maduro, Ramiro Tromp, Frans Wever, Pilar Maduro, Cecilio Boekhoudt, and Gilberto Paesch. Not shown is Juan Maduro.

FUTBAL TEAM DI SHIPYARD. Juan Kock (di tres careda p'atras) ta captain di e team aki. Un miembro cu no a sali riba e portret aki ta Juan Maduro.

CRACKING TEAM. Kneeling, from the left, are A. Croes, A. Brandon, J. Strang and H. Lovell. Standing, from the left, are F. Hoek, J. Dabian, V. Ridderstap, M. Casuela, J. Easer, captain; M. Gomez, G. Vrolijk and C. Oduer. Several members of the team in addition to Manager John Thompson and Vice Captain H. Abrahams are missing from the picture.

TEAM DI CRACKING. E grupo aki ta representá e team di futbol di departamento di Cracking. E grupo no ta completo, pues ademas di Gerente John Thompson y e vice-captain H. Abrahams, tin varios mas cu a keda afor.

MEDICAL TEAM. Kneeling, from the left, are D. Ridderstap, captain; Mrs. H. Annamunthodoo, mascot; C. Maduro, Dr. C. Groedbloed and M. Vingal. Standing, from the left, are, F. Solognier, G. Dania, R. Cherebin, C. James, Dr. A. Develing, Dr. H. Van Schouwen, R. Nicholson, J. Dorcas, B. Jones, F. Jones, F. Sampson and A. J. Smits, manager. This is the first time Medical has had a football team.

TEAM DI MEDICAL DEPARTMENT. Esaki ta promé bez cu Medical Department ta tuma parti na weganan departamental di futbol. D. Ridderstap, (na rudia banda robez) ta captain.

THE ANTILLANAS, also a new team, are from Oranjestad. They are an independent group not representing any club. Selsa Croes, seated left, is the captain. Her two sisters are, kneeling left and center, Milda and Etty. Their brother is Eddie Croes, Industrial Relations. After their defeat of the Aguilas (left) they were beaten by the Spartas. But they have won the majority of their practise sessions. (Photo by S. Rajroop)
